

Assignment 1: Due to Sept 16, 2019

* Please print your assignment and submit it to the lecturer on the due date, thanks for your cooperation.

- 1 Read the following paper (you may find the pdf file on the course webpage).
 - a. Summarize the principle findings and give down your comments.
 - b. Find at least two more papers about the connection between chocolate and cognitive function. Do summarization and comment. (you need attach the abstracts of these papers and their citation information, such as “Messerli, N Engl J Med (2012). 18;367(16):1562-4.”)

Chocolate Consumption, Cognitive Function, and Nobel Laureates

Franz H. Messerli, M.D.

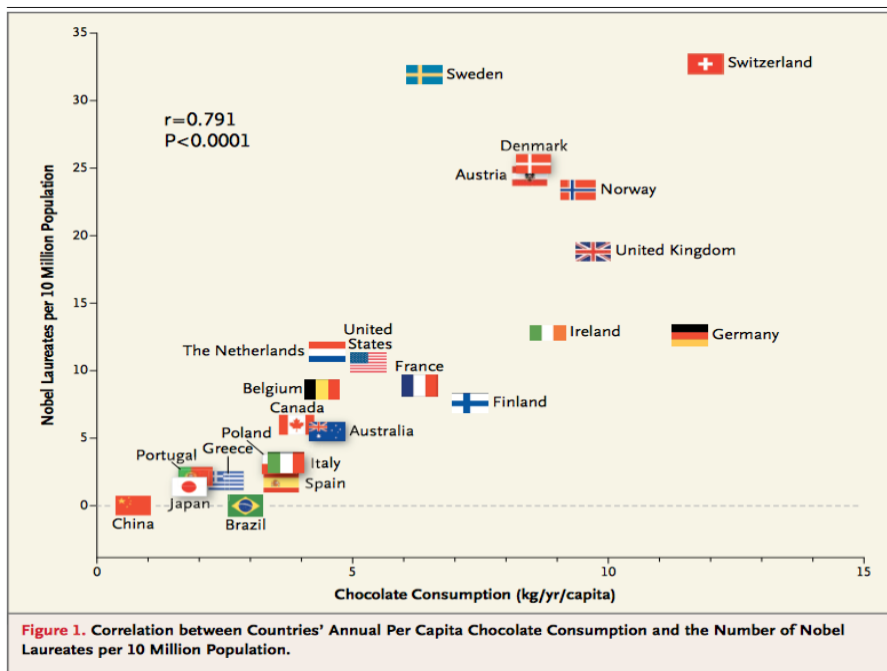

Figure 1. Correlation between Countries' Annual Per Capita Chocolate Consumption and the Number of Nobel Laureates per 10 Million Population.
