

Assignment 2: Due to Sep 23, 2019

*** Please print your assignment and submit it to the lecturer on the due date, thanks for your cooperation.**

1. Read CPTAC's breast cancer paper that was published in nature 2016, as well as its clinical information table. Summarize the variables collected analyzed from the patients and list the data type and sample size of each variable. (more details about CPTAC project can be found at <https://cptac-data-portal.georgetown.edu/cptac/s/S015>)
